TOTAL FIRE
BAN DAYS**

There are **four areas** for waste disposal:

** Mixed loads are to be separated and disposed into the correct sections, not doing so increases the running costs of the waste sites**

WASTE SITE OPENING HOURS

FIRST & FINAL NOTICE TO ALL OWNERS AND/OR OCCUPIERS OF LAND IN THE SHIRE OF DUMBLEYUNG

PURSUANT to the powers contained in Section 33 of the Bushfire Act 1954, you are hereby **required on or before the 18th of October** each year or within 14 days of the date of you becoming an Owner or Occupier should this be after the 18th day of October and thereafter up to and including the 31st day of March of the following year to have a fire break clear of all inflammable material on:

1. RURAL LAND

- a) **Boundary firebreaks** at least 3 metres wide and 4 metres high shall be cleared of all inflammable material immediately, or a close a practicable inside all external boundaries of the land and immediately inside boundaries which adjoin cleared roads.
- b) **Internal firebreaks** at least 3 metres wide and 4 metres high shall be cleared of all inflammable material.
- c) Firebreaks at least 3 metres wide shall be cleared of all inflammable material parallel to a 20 metre distance from boundaries which adjoin railway reserves.
- d) **Building/Structure firebreaks** at least 4 metres wide and 4 metres high shall be cleared of all inflammable material at a distance of 20 metres from the perimeter of all haystacks and buildings, or groups of buildings and haystacks and fuel storage areas and shall completely encircle such buildings and haystacks.
- e) The area between the buildings and haystacks and the firebreak mentioned in (d) above shall be cleared of all inflammable material by the **18th of October** annually.
- f) **On Farm Grain Depots or Bunkers requirements for approval:-**
 1. All inflammable material for a radius of 50 metres of where trucks, loaders and engines are operating must be cleared.
 2. The bunker or depot must be immediately adjacent to the farm's main access road and/or shed areas.
 3. During loading or unloading there must at all times be an approved mobile fire fighting unit (See item 4) on hand, during harvest and movement of vehicles in paddocks bans. This unit must escort the truck onto and off the property.

Note: *Firebreaks need not follow the perimeter of any paddock, but may follow contours. Failure to comply with firebreak regulations will result in a fine and will also have consequences for the insurance of the property.*

Aerial inspections of firebreaks are carried out annually during the last 2 weeks of October.

2. TOWN LAND

- a) Where the land is .40 hectares or less all inflammable material on the land shall be removed from the whole of the land.
- b) Where the land exceeds .40 hectares in area, firebreaks at least 2 metres wide shall be cleared of all inflammable material immediately inside all external boundaries of the land and also immediately surrounding all buildings situated on the land.

3. GENERAL

If for any reason it is considered by the owner or occupier of land, that it is impractical to comply with the firebreak requirements of this notice a variation request may be made to the Shire of Dumbleyung not later than 1st of September each year.

Where approval of a proposed variation is not granted by Council you shall comply with the firebreak requirements of this notice.

The **penalty** for non-compliance with this notice is a maximum of \$5,000 and notwithstanding prosecution, Council may enter on the land and carry out the requisite works at the owner/occupiers expense. Aerial inspections of firebreaks are carried out annually in October.

4. TRACK CHAINING OR ROCK WINDROWING

A mobile fire fighting unit as defined in Item 4 is to be in attendance during track chaining/rock windrowing operations through the period of 1st November to 31st March each year.

5. HARVESTING OPERATION - MOBILE FIRE FIGHTING UNIT

Pursuant to the power under the Bush Fires Act 1954 it is compulsory that an operational mobile engine powered fire fighting pump unit with not less than 450 litres (recommended 1200 litres) of water be in attendance from 1st November to 31st March. Self powered mobile units are the preferred fire fighting vehicle. Vehicle GVM and Trailer GTM ("mobile firefighting units") is not to be exceeded pursuant to WHS legislation to maintain a safe working environment.

Fire fighting units mounted on trailers must be connected to a towing vehicle at all times. Trailer units are not recommended for use in fire fighting situations and are better used for mopping up operations.

6. SUPER-SPREADER VEHICLES, MULCHERS & SLASHERS

Pursuant to Bush Fires Regulations 1954 S.38B (1) (b) undertaking the below-listed agricultural activities shall have the following conditions;

- Provide an operational mobile firefighting unit with no less than 450 litres of water (recommended 1200 litres),
- Minimum 6 metres of hose (recommended 30 metres) with a controlled nozzle,
- Self-propelled fire units are preferred with trailer units being accepted only if connected to a tow vehicle at all times.

Mobile firefighting units shall be in attendance during:

- Spreading
- Grain harvesting
- Hay baling
- Reefinishing
- Stubble crunching
- Rock raking

Other agricultural activities disturbing the soil until 31 March annually

**Contact your nearest FCO to obtain a permit
FAILURE TO COMPLY COULD RESULT IN A \$5000 FINE**

**By Order of Council
CHIEF EXECUTIVE OFFICER**

This Notice is to all land owners and occupiers within the Shire of Dumbleyung and is issued pursuant to Section 33 of the Bushfire Act 1954.

FIRE MANAGEMENT - FIREBREAK NOTICE

PERMIT INFORMATION AS EXTRACTED FROM THE PERMIT FORM

Regulation 15

- (6) A person shall not set fire to the bush on land within a zone of the State during the restricted burning times for that zone of the State unless —
- (a) he has obtained a permit in writing to burn the bush from a Bush Fire Control Officer of the local government in whose district the land upon which the bush proposed to be burnt is situated, or from the Chief Executive Officer of the local government if a Bush Fire Control Officer is not available; and
- (7) The person issuing a permit to burn under this section may, by endorsement on the permit —
- (a) incorporate therein any additional requirements and directions considered necessary by him relative to the burning; or
 - (b) modify or dispense with any of the conditions prescribed for the purposes of this section in so far as those conditions are applicable to the burning.

Regulation 15B – Obligations of the Permit Holder

- (1) Subject to the Act a person who has obtained a permit to burn the bush under section 18 of the Act (in this regulation called “**the permit holder**”) shall comply with the conditions set out in this regulation in relation to the burning of the bush.
- (2) The permit holder shall give notice of his intention to burn the bush upon land, or upon a part of land, to —
- (a) the Chief Executive Officer or a Bush Fire Control Officer of the local government in whose district that land is situated;
 - (b) the owner or occupier of all land adjoining that land;
 - (c) a forest officer if the bush is situated within 3 kilometres of forest land; and
 - (d) an officer or employee of each notifiable authority (if any), being an officer or employee who is apparently authorised to accept that notice.
- (6) Before setting fire to the bush the permit holder shall arrange for and provide, in order to assist in keeping the fire under control and preventing it from spreading beyond the land on which the burning is to take place, at least 3 able bodied persons who shall be constantly in attendance at the fire from the time it is lit until no burning or smouldering fuel is within 30 metres of the perimeter of the firebreak surrounding the burnt area or, if there is no such firebreak, within 30 metres of the perimeter of the burnt area.
- (7) Where for any day, or any period of a day, specified in a notice given under sub regulation (2) the fire danger forecast issued by the Bureau of Meteorology in Perth in respect of the locality where the bush proposed to be burnt is situated is either “high” or “extreme” the permit holder shall not burn the bush in the locality on that day or during that period but may burn the bush in the locality on the next day following that day or that period on which the fire danger forecast issued by the Bureau of Meteorology is below “high”.

Storm / Flood Assistance 13 25 00

DFES Emergency Information 13 33 37

DFES Fire Reports / Burn Register 1800 198 140

FIRE DANGER RATING

RESTRICTED BURNING PERIOD

19th September to 31st October

1st February to 31st March

RESTRICTED BURNING PERIOD

It is unlawful to set fire to the bush during this time except in accordance with a permit obtained. The Restricted Burning Period can be varied i.e. shortened, extended or suspended by the Shire for 14 days at a time if seasonal conditions require it so.

STUBBLE BURNING

Stubble burning, subject to normal permit, will be allowed on Sundays after 15th March until the end of the restricted burning period. No Sunday burning to be allowed prior to the 15th March.

PROHIBITED BURNING PERIOD

1st November to 31st January

Burning is also prohibited on Good Friday and Easter Sunday

PROHIBITED BURNING PERIOD

Means that the time of the year during when it is declared by the **Minister** to be unlawful to set fire to the bush. Protective burning and burning to harvest clover can be carried out during this time only in accordance with a permit obtained.

CLEARING OF TOWN LOTS

Owners of town blocks can arrange, through the Shire office for a fee, to have vacant blocks mowed. This must be arranged prior to 1st October to allow time for the works to be completed prior to firebreak inspections. If in doubt, contact your nearest Fire Control Officer or the Shire office on 9863 4012. Blocks **MUST BE** clear of branches and debris. Must be able to get a ride-on-mower around the block, Shire service does not include whipper snipper or spraying of weeds.

BANS - HARVESTING AND MOVEMENT OF VEHICLES

Please be aware that bans are only placed after scientific measurements have reached a critical point i.e. combination of fuel type, state and condition together with temperature, wind strength and humidity are applied to a proven rate of fire spread chart from tests done at several points throughout the Shire. For information on bans please phone 9487 5410.

There is a total harvest ban on Christmas Day and New Year's Day.

For information on bans ring your CLOSEST FCO or 9487 5410 - not the CBFEO as that officer is under considerable pressure during these times. FCO's please ensure that all persons likely to attend fires are over 16 years of age and are registered as brigade members. Non-brigade members have to be authorised to attend a fire by the FCO in charge. Application forms are available through the Shire Admin.

DRESS STANDARD AT FIRES

Registered Bushire Volunteers are supplied the orange fire-fighter PPE, gloves and goggles by the Shire of Dumbleyung, if you require new PPE please contact the shire on 9863 4012.

ATTENDING A FIRE - ONLY registered volunteers who have completed the minimum Rural Bushfire Awareness Course and wear the issued PPE can attend a fire.

Applications available on the Shire of Dumbleyung website or phone 9863 4012.

LIST OF FIRE CONTROL OFFICERS

PREVENTION IS THE KEY!

Mosquitoes can breed around your home and the only way to prevent infection of mosquito-borne diseases is prevention.

They will lay eggs in fresh or salty water, and often in containers that hold water. Common breeding sites include pot plant drip trays, ponds, pet bowls, old tyres and rubbish that may collect water.

Stop **mosquitoes** breeding around your home by following these simple steps:

- Empty out or discard containers and rubbish that may hold water.
- Clean out roof gutters to prevent water from pooling.
- Empty, clean and refill bird baths, stock troughs and pet water bowls at least once a week.
- Keep swimming pools properly maintained and free of debris.
- Empty wading pools at the end of each day.
- Stock garden ponds with fish to eat mosquito larvae.
- Cover rainwater and septic tank opening, wells or other large water containers with mosquito-proof mesh.
- Keep edges of dams and ponds clear of vegetation.

The best way to prevent a **Rodent infestation** and in-turn **Snakes**, is to remove the food sources, water, and items that provide shelter for rodents.

TRAP UP!

Trap up rodents to decrease their population

- Choose an appropriate trap (snap and/or glue) and add bait to attract rodents.
- Set traps in anywhere there is evidence of rodent activity.
- Poison is not recommended because rodents may die in the walls or under the floors preventing you from removing it.
- If you suspect a rodent infestation, call a professional pest management company

CLEAN UP!

Clean up to eliminate **rodent** food and nesting sources.

- All trash should be throw out as soon as you can. Make sure your lids on your bins close fully or tight-fitting.
- Eliminate clutter by cutting and removing grass/weed overgrowth. ***Rodents like to make their homes in clutter***
- Remove all old vehicles and tires.
- Elevate hay and woodpiles off the ground.
- Keep compost bins as far away from the house as possible.
- Food from vegetable gardens and fruit trees should not remain on the ground.

SEAL UP!

Seal up common entrances into the home

- Kitchen cabinets, refrigerators, stoves, closets, fireplaces, doors, windows, attic, basement, crawl spaces and electrical, plumbing , cable and gas lines.
- Fix small holes with steel wool.
- Fix large holes with solid materials like metal & cement. These materials can be found at your local hardware stores.
- Sink holes and burrows outside your home should be covered by solidly packed dirt and monitored.

REGISTERING YOUR DOG / CAT

Registering and microchipping your dog is compulsory and the following rules set out in the Dog Act 1976 must be followed:

- Your dog/cat must be **registered** with the Shire of Dumbleyung once it is 3 months old and older and keep it registered.
- Attach the registration tag and a name tag with your name, address and phone number to your dog/cat's collar.
- Registered dogs/cats must be kept within the confines of your property at all times (except on a **leash** when walking outside the property).
- **Pick up after your dog if it defecates in a public area.**
